MEMORANDUM FOR THE RECORD

SUBJECT: Interview with [REDACTED] Records Management Staff,
Management Staff.

1. On 4 June 1957 I interviewed [REDACTED] who has been with the Management Staff for about six months, having been Chief of Administration in [REDACTED] formerly. His first tour in the Management Staff was with the Organization & Methods Staff which he likes much better than the Records Management Staff where he is now located as Chief of the Project Staff. He says that the morale in the Records Management Staff is good and thinks that the only place it may be even higher is in the DD/P group of the Organization & Methods Staff under the direction of [REDACTED] 25X1A9a
He has the very highest of praise for [REDACTED]

2. [REDACTED] believes that there is entirely too much time spent on tables of organization and not enough on procedures. He plugs hard for an O&M team in the field to look at the problems which are piling up at all of the field stations. He is also very much concerned about the situation in the [REDACTED] in the DD/P area. He says he knows that it is possible to get papers from the [REDACTED] in not more than twenty-four hours, whereas he is told by operating people repeatedly that it takes from three to four days to get papers out of the [REDACTED] 25X1A8a
[REDACTED]

3. [REDACTED] is a good, sincere fellow but tends to ramble in his thinking and talking, and I am inclined to believe that he has definite limitations.
